Tubular float 280 mm

SKU: PLRFI280PEORA

Gross Price: PLN 984.00

Net Price: PLN 800.00

Technical Specification

Attribute	Value
Displacement	210 l
Dimension	280 mm
Color	Orange
Material	Polyethylene (PE)
Weight	26 kg
Shipping time	3-7 days
Production time of 100 pcs	12 days

Description

> **i**
>
> Important Notice: Mounting Bolts Are Sold Separately
>
> Mounting bolts are not included and must be purchased separately. Installation of this pipe float requires **one set of bolts**:
>
> - **Mounting bolt set:** Bolt Set for Pipe Float M12x80 (galvanized steel: 2 bolts M12x80 DIN-931, 2 nuts M12 DIN-934, and 4 enlarged washers M12 DIN-9021)
> - **Marine-grade stainless steel INOX A4 (saltwater):** Stainless Steel INOX A4 Bolt Set for Pipe Float M12x80 (acid-proof stainless steel AISI 316 / A4 for demanding marine environments)

SORFAN 280 MM PIPELINE FLOAT

Sorfan 280 mm Pipeline Float – durable and reliable solution for water systems

Sorfan is a European manufacturer specializing in **high-quality pipeline and cable floats** designed to ensure stability, safety, and performance in floating installations.
The **280 mm model** is a robust, proven solution made from **high-density polyethylene (PE)** – a material resistant to UV radiation, water, salt, and extreme temperatures.

Superior Quality and Customer Satisfaction

Every Sorfan float is the result of precision engineering and years of production experience.
Our products are used by **clients throughout Europe, Africa, and the Middle East**, who value their **strength, reliability, and functionality**.
Positive feedback from satisfied customers confirms that choosing Sorfan floats is a **smart investment in long-term safety and performance**.

Functionality and Versatile Applications

Sorfan floats are designed to **support and stabilize pipelines and cables** with diameters ranging from **10 mm to 560 mm**.
The **280 mm model** is ideal for use in water supply systems, industrial piping, dredging operations, and hydrotechnical installations.
Thanks to their **lightweight construction, mechanical strength, and easy installation**, these floats deliver dependable performance even under demanding conditions.

Customization and Fast Delivery

As a **manufacturer**, Sorfan offers the ability to **design and produce custom floats** tailored to individual project requirements.
Upon request, floats can also be produced in **custom colors**.
With a flexible production process and modern facilities, we guarantee **very fast delivery times** and consistent, high-quality results for every order.

Why Choose Sorfan Floats

- □ High-quality construction made from durable polyethylene (PE)
- □ Resistant to UV, water, and extreme weather conditions
- □ Wide range of compatible pipe and cable diameters – 10 mm to 560 mm
- □ **Manufactured in Europe** with precision and long-lasting durability
- □ Custom color and design options available
- □ Trusted by customers across Europe, Africa, and the Middle East
- □ Extremely fast production and delivery times

Trust the Proven Manufacturer

Sorfan is more than a manufacturer – we are your reliable partner for floating pipeline systems.
Our **280 mm pipeline floats** guarantee stability, safety, and long-term durability.
Contact us today and discover why **Sorfan is the top choice for professional water and industrial applications.**
