Material	Polyethylene (PE)
Weight	22
Shipping time	3-7 days

Description

WASSERTANK 500 L

Efficient rainwater storage for everyday use

The **WASSERTANK 500 L rainwater tank** is a reliable solution for storing and retaining rainwater collected from roof surfaces via individual gutter systems. It is designed for homeowners, businesses and institutions looking to reduce potable water consumption and adopt sustainable water management practices.

Robust construction and premium materials

The tank is manufactured from high-quality **polyethylene**, offering excellent resistance to UV radiation, weather conditions and mechanical damage. Its stable free-standing structure allows **above-ground installation only**, eliminating the need for excavation works. Thanks to its compact capacity, the tank can be easily relocated if required.

Technical specifications – 500 L version

- capacity: **500 litres**
- tank diameter: **780 mm**
- material: polyethylene (PE)
- colour: grey
- installation: above ground
- outlet tap: positioned at **400 mm**
- top opening for lid and transport handles

Key user benefits

- reduced water bills
- sustainable rainwater use
- quick installation
- easy handling

- excellent value for money

Applications and regulatory alignment

The WASSERTANK 500 L tank aligns with current **EU recommendations on rainwater retention** and is suitable for residential gardens, small businesses and recreational properties.

Typical usage scenarios

- garden irrigation
- irrigation system supply
- cleaning tools and equipment
- household maintenance
- technical water storage

Additional applications:

1. greenhouses
2. garden ponds
3. washing bicycles and equipment
4. emergency water reserve
5. holiday properties

Experienced manufacturer and fast shipping

For many years, our company has specialized in the **production and distribution of rainwater management systems, hydrotransport solutions and floating structures**. We offer **one of the widest product ranges in Europe**. Most products are shipped directly from our warehouse. Custom manufacturing is available. The product is covered by warranty.
